Re: In the Matter of GAW Miners, LLC (B-02979)

Dear GAW Miners, LLC,

The staff of the Boston Regional Office of the United States Securities and Exchange Commission is conducting an investigation in the matter identified above. The enclosed subpoena has been issued to you as part of this investigation. The subpoena requires you provide us documents.

Please read the subpoena and this letter carefully. This letter answers some questions you may have about the subpoena. You should also read the enclosed SEC Form 1662. You must comply with the subpoena. You may be subject to a fine and/or imprisonment if you do not.

**Producing Documents**

*What materials do I have to produce?*

The subpoena requires you to provide us the documents described in the attachment to the subpoena. You must provide these documents by February 27, 2015. The attachment to the subpoena defines some terms (such as "Document") before listing what you must provide.

You should produce each and every document in your possession, custody, or control, including any documents that are not in your immediate possession but that you have the ability to obtain. All responsive documents shall be produced as they are kept in the usual course of business, and shall be organized and labeled to correspond with the numbered paragraphs in the subpoena attachment. In that regard, documents should be produced in a unitized manner, *i.e.*, delineated with staples or paper clips to identify the document boundaries.

Documents responsive to this subpoena may be in electronic or paper form. Electronic documents such as email should be produced in accordance with the attached document entitled SEC Data Delivery Standards (the "Standards"). If you have any questions concerning the production of documents in an electronic format, please contact me as soon as possible but in any event before producing documents. **All electronic documents responsive to the document subpoena, including all metadata, must also be secured and retained in their native software format and stored in a safe place.** The staff may later request or require that you produce the native format.

For documents in paper format, you may send the originals, or, if you prefer, you may send copies of the originals. The Commission cannot reimburse you for the copying costs. If you are sending copies, the staff requests that you scan (rather than photocopy) hard copy documents and produce them in an electronic format consistent with the Standards. Alternatively, you may send us photocopies of the documents in paper format. **If you choose to send copies, you must secure and retain the originals and store them in a safe place.** The staff may later request or require that you produce the originals.

Whether you scan or photocopy documents, the copies must be identical to the originals, including even faint marks or print. Also, please note that if copies of a document differ in any way, they are considered separate documents and you must send each one. For example, if you have two copies of the same letter, but only one of them has handwritten notes on it, you must send both the clean copy and the one with notes.

If you do send us scanned or photocopied documents, please put an identifying notation on each page of each document to indicate that you produced it, and number the pages of all the documents submitted. (For example, if Jane Doe sends documents to the staff, she may number the pages JD-1, JD-2, JD-3, etc., in a blank corner of the documents.) Please make sure the notation and number do not conceal any writing or marking on the document. If you send us originals, please do not add any identifying notations.

In producing a photocopy of an original document that contains post-it(s), notation flag(s), or other removable markings or attachments which may conceal all or a portion of the markings contained in the original document, photocopies of the original document both with and without the relevant post-it(s), notation flag(s), or removable markings or attachments should be produced.

*Do I need to send anything else?*

You should enclose a list briefly describing each item you send. The list should state to which numbered paragraph(s) in the subpoena attachment each item responds.

Please include a cover letter stating whether you believe you have met your obligations under the subpoena by searching carefully and thoroughly for everything called for by the subpoena, and sending it all to us.

Please also provide a narrative description describing what you did to identify and collect documents responsive to the subpoena. At a minimum, the narrative should describe:

- who searched for documents;
- who reviewed documents found to determine whether they were responsive;
- what sources were searched (e.g., computer files, CDs, DVDs, thumb drives, flash drives, online storage media, hard copy files, diaries, datebooks, planners, filing cabinets, home office, work office, voice mails, home email, webmail, work email, backup tapes or other media);
- what third parties, if any, were contacted to obtain responsive documents (e.g., phone companies for phone records, brokerage firms for brokerage records); and
- where the original electronic and hardcopy documents are maintained and by whom.

*What if I do not send everything described in the attachment to the subpoena?*

The subpoena requires you to send all the materials described in it. If, for any reason – including a claim of attorney-client privilege – you do not produce something called for by the subpoena, you should submit a list of what you are not producing. The list should describe each item separately, noting:

- its author(s);
- its date;
- its subject matter;
- the name of the person who has the item now, or the last person known to have it;
- the names of everyone who ever had the item or a copy of it, and the names of everyone who was told the item's contents;
- the reason you did not produce the item; and
- the specific request in the subpoena to which the document relates.

If you withhold anything on the basis of a claim of attorney-client privilege or attorney work product protection, you should identify the attorney and client involved. If you withhold anything on the basis of the work product doctrine, you should also identify the litigation in anticipation of which the document was prepared.

If documents responsive to this subpoena no longer exist because they have been lost, discarded, or otherwise destroyed, you should identify such documents and give the date on which they were lost, discarded or destroyed.

*Where should I send the materials?*

### **Other Important Information**

*May I have a lawyer help me respond to the subpoena?*

Yes. You have the right to consult with and be represented by your own lawyer in this matter. Your lawyer may also advise and accompany you when you testify. We cannot give you legal advice.

*What will the Commission do with the materials I send and/or the testimony I provide?*

The enclosed SEC Form 1662 includes a List of Routine Uses of information provided to the Commission. This form has other important information for you. Please read it carefully.

*Has the Commission determined that anyone has done anything wrong?*

This investigation is a non-public, fact-finding inquiry. We are trying to determine whether there have been any violations of the federal securities laws. The investigation and the subpoena do not mean that we have concluded that you or anyone else has broken the law. Also, the investigation does not mean that we have a negative opinion of any person, entity or security.

*Important Policy Concerning Settlements*

Please note that, in any matter in which enforcement action is ultimately deemed to be warranted, the Division of Enforcement will not recommend any settlement to the Commission unless the party wishing to settle certifies, under penalty of perjury, that all documents responsive to Commission subpoenas and formal and informal document requests in this matter have been produced.

*I have read this letter, the subpoena, and the SEC Form 1662, but I still have questions. What should I do?*

If you have any other questions, you may call me at 617-573-4578. If you are represented by a lawyer, you should have your lawyer contact me.

Sincerely,

Gretchen Lundgren

#### General Instructions

Electronic files must be produced in their native format, i.e., the format in which they are ordinarily used and maintained during the normal course of business. For example, an MS Excel file must be produced as an MS Excel file rather than an image of a spreadsheet. (Note: An Adobe PDF file is **not** considered a native file unless the document was initially created as a PDF.)

In the event produced files require the use of proprietary software not commonly found in the workplace, the SEC will explore other format options with the producing party.

The proposed use of file de-duplication methodologies or *computer-assisted review* or *technology-assisted review* (TAR) during the processing of documents must be discussed with and approved by the legal and technical staff of the Division of Enforcement (ENF). If your production will be de-duplicated it is vital that you 1) preserve any unique metadata associated with the duplicate files, for example, custodian name, and, 2) make that unique metadata part of your production to the SEC.

General requirements for **ALL** document productions are:

1. A cover letter should be included with each production and include the following:
  - a. A list of each piece of media included in the production with its unique production volume number
  - b. A list of custodians, identifying the Bates range for each custodian.
  - c. The time zone in which the emails were standardized during conversion.
2. Data can be produced on CD, DVD, thumb drive, etc., using the media requiring the least number of deliverables and labeled with the following:
  - a. Case number
  - b. Production date
  - c. Producing party
  - d. Bates range
3. All submissions must be organized by **custodian** unless otherwise instructed.
4. All document family groups, i.e. email attachments, embedded files, etc., should be produced together and children files should follow parent files sequentially in the Bates numbering.
5. All load-ready collections should include only one data load file and one image pointer file.
6. All load-ready text must be produced as separate text files.
7. All load-ready collections should account for custodians in the custodian field.
8. Audio files should be separated from data files if both are included in the production.
9. Only alphanumeric characters and the underscore character are permitted in file names and **folder names**. Special characters are not permitted.
10. All data productions must be produced using industry standard self-extracting encryption software.
11. Passwords for documents, files, compressed archives and encrypted media must be provided separately either via email or in a separate cover letter from the media.
12. All productions should be produced free of computer viruses.
13. Additional technical descriptions can be found in the addendum to this document.

\*Please note that productions that come via United States Postal Service are subject to Mail Irradiation, as a result electronic productions may be damaged.\*

## **Delivery Formats**

### **I. *Concordance*® Imaged Productions**

The SEC prefers that all documents and data be produced in a structured format prepared for Concordance. All scanned paper electronic file collections should be converted to TIFF files, Bates numbered, and include fully searchable text files.

#### **1. Images**

- a. Black and white images must be 300 DPI Group IV single-page TIFF files.
- b. Color images must be produced in JPEG format.
- b. File names cannot contain embedded spaces or special characters (including the comma).
- c. Folder names cannot contain embedded spaces or special characters (including the comma).
- d. All TIFF image files must have a unique file name, i.e. Bates number.
- e. Images must be endorsed with sequential Bates numbers in the lower right corner of each image.
- f. The number of TIFF files per folder should not exceed 500 files.
- g. Excel spreadsheets should have a placeholder image named by the Bates number of the file.
- h. AUTOCAD/photograph files should be produced as a single page JPEG file.

## 2. **Concordance Image® OR Opticon Cross-Reference File**

The image cross-reference file to link the images to the database should be a comma- delimited file consisting of seven fields per line with a line in the cross-reference file for every image in the database with the following format:

*ImageID, VolumeLabel, ImageFilePath, DocumentBreak, FolderBreak, BoxBreak, Pag*

## 3. **Concordance® Data File**

The data file (.DAT) contains all of the fielded information that will be loaded into the *Concordance®* database.

- a. The first line of the .DAT file must be a header row identifying the field names.
- b. The .DAT file must use the following *Concordance®* default delimiters:  
Comma ¶ ASCII character (020)  
Quote ¢ ASCII character (254)
- c. Date fields should be provided in the format: mm/dd/yyyy
- d. Date and time fields must be two separate fields.
- e. If the production includes imaged emails and attachments, the attachment fields must be included to preserve the parent/child relationship between an email and its attachments.
- f. An OCRPATH field must be included to provide the file path and name of the extracted text file on the produced storage media. The text file must be named after the FIRSTBATES. Do not include the text in the .DAT file.
- g. For production with native files, a NATIVELINK field must be included to provide the file path and name of the native file on the produced storage media.
- h. BEGATT and ENDATT fields must be two separate fields.
- i. A complete list of metadata fields is available in **Addendum A** to this document.

## 4. **Text**

Text must be produced as separate text files, not as fields within the .DAT file. The full path to the text file (OCRPATH) should be included in the .DAT file. We require document level ANSI text files, named per the FIRSTBATES/Image Key. (Please note in the cover letter if any non-ANSI text files are included in the production.) Extracted text must be in a separate folder, one text file per document. The number of files per folder should not exceed 500 files. There should be no special characters (including commas in the folder names). For redacted documents, provide the full text for the redacted version.

## 5. **Linked Native Files**

Copies of original email and native file documents/attachments must be included for all electronic productions.

- a. Native file documents must be named per the FIRSTBATES number.
- b. The full path of the native file must be provided in the .DAT file for the LINK field.
- c. The number of native files per folder should not exceed 500 files.

## II. **Native File Production without Loadfiles**

With prior approval, native files may be produced without loadfiles. The files must be produced as they are maintained in the normal course of business and organized by custodian-named file folders. When approved, Outlook (.PST) and Lotus Notes (.NSF) email files may be produced in native file format. A separate folder should be provided for each custodian.

## III. **Adobe PDF File Production**

With prior approval, Adobe PDF files may be produced in native file format.

1. PDF files should be produced in separate folders named by the custodian. The folders should not contain any special characters (including commas).
2. All PDFs must be unitized at the document level, i.e., each PDF should represent a discrete document.
3. All PDF files must contain embedded text that includes all discernible words within the document, not selected text or image only. This requires all layers of the PDF to be flattened first.
4. If PDF files are Bates endorsed, the PDF files must be named by the Bates range.

#### IV. Audio Files

Audio files from telephone recording systems must be produced in a format that is playable using Microsoft Windows Media Player™. Additionally, the call information (metadata) related to each audio recording MUST be provided. The metadata file must be produced in a delimited text format. Field names must be included in the first row of the text file.

The metadata must include, at a minimum, the following fields:

- 1) Caller Name: Caller's name or account/identification number
- 2) Originating Number: Caller's phone number
- 3) Called Party Name: Called party's name
- 4) Terminating Number: Called party's phone number
- 5) Date: Date of call
- 6) Time: Time of call
- 7) Filename: Filename of audio file

#### V. Video Files

Video files must be produced in a format that is playable using Microsoft Windows Media Player™.

#### VI. Electronic Trade and Bank Records

When producing electronic trade and bank records, provide the files in one of the following formats:

1. MS Excel spreadsheet with header information detailing the field structure. If any special codes exist in the dataset, a separate document must be provided that details all such codes. If details of the field structure do not fit in the header, a separate document must be provided that includes such details.
2. Delimited text file with header information detailing the field structure. The preferred delimiter is a vertical bar "|". If any special codes exist in the dataset, a separate document must be provided that details all such codes. If details of the field structure do not fit in the header, a separate document must be provided that includes such details.

#### VII. Electronic Phone Records

When producing electronic phone records, provide the files in the following format:

1. MS Excel spreadsheet with header information detailing the field structure. If any special codes exist in the dataset, a separate document must be provided that details all such codes. If details of the field structure do not fit in the header, a separate document must be provided that includes such details. **SECURITIES AND EXCHANGE COMMISSION**  
**Washington, D.C. 20549**

**Supplemental Information for Persons Requested to Supply  
Information Voluntarily or Directed to Supply Information  
Pursuant to a Commission Subpoena**

**A. False Statements and Documents**

Section 1001 of Title 18 of the United States Code provides as follows:

[W]hoever, in any matter within the jurisdiction of the executive, legislative, or judicial branch of the Government of the United States, knowingly and willfully--

- (1) falsifies, conceals, or covers up by any trick, scheme, or device a material fact;
- (2) makes any materially false, fictitious, or fraudulent statement or representation; or
- (3) makes or uses any false writing or document knowing the same to contain any materially false, fictitious, or fraudulent statement or entry;

shall be fined under this title, imprisoned not more than 5 years . . . or both.

**B. Testimony**

If your testimony is taken, you should be aware of the following:

1. *Record.* Your testimony will be transcribed by a reporter. If you desire to go off the record, please indicate this to the Commission employee taking your testimony, who will determine whether to grant your request. The reporter will not go off the record at your, or your counsel's, direction.
2. *Counsel.* You have the right to be accompanied, represented and advised by counsel of your choice. Your counsel may advise you before, during and after your testimony; question you briefly at the conclusion of your testimony to clarify any of the answers you give during testimony; and make summary notes during your testimony solely for your use. If you are accompanied by counsel, you may consult privately.

If you are not accompanied by counsel, please advise the Commission employee taking your testimony if, during the testimony, you desire to be accompanied, represented and advised by counsel. Your testimony will be adjourned once to afford you the opportunity to arrange to be so accompanied, represented or advised.

You may be represented by counsel who also represents other persons involved in the Commission's investigation. This multiple representation, however, presents a potential conflict of interest if one client's interests are or may be adverse to another's. If you are represented by counsel who also represents other persons involved in the investigation, the Commission will assume that you and counsel have discussed and resolved all issues concerning possible conflicts of interest. The choice of counsel, and the responsibility for that choice, is yours.

3. *Transcript Availability.* Rule 6 of the Commission's Rules Relating to Investigations, 17 CFR 203.6, states:

A person who has submitted documentary evidence or testimony in a formal investigative proceeding shall be entitled, upon written request, to procure a copy of his documentary evidence or a transcript of his testimony on payment of the appropriate fees: *Provided, however,* That in a nonpublic formal investigative proceeding the Commission may for good cause deny such request. In any event, any witness, upon proper identification, shall have the right to inspect the official transcript of the witness' own testimony.

If you wish to purchase a copy of the transcript of your testimony, the reporter will provide you with a copy of the appropriate form. Persons requested to supply information voluntarily will be allowed the rights provided by this rule.

4. *Perjury.* Section 1621 of Title 18 of the United States Code provides as follows:

Whoever--

- (1) having taken an oath before a competent tribunal, officer, or person, in any case in which a law of the United States authorizes an oath to be administered, that he will testify, declare, depose, or certify truly, or that any written testimony, declaration, deposition, or certificate by him subscribed, is true, willfully and contrary to such oath states or subscribes any material matter which he does not believe to be true; or

(2) in any declaration, certificate, verification, or statement under penalty of perjury as permitted under section 1746 of title 28, United States Code, willfully subscribes as true any material matter which he does not believe to be true;  
is guilty of perjury and shall, except as otherwise expressly provided by law, be fined under this title or imprisoned not more than five years, or both.

5. *Fifth Amendment and Voluntary Testimony.* Information you give may be used against you in any federal, state, local or foreign administrative, civil or criminal proceeding brought by the Commission or any other agency.

You may refuse, in accordance with the rights guaranteed to you by the Fifth Amendment to the Constitution of the United States, to give any information that may tend to incriminate you.

If your testimony is not pursuant to subpoena, your appearance to testify is voluntary, you need not answer any question, and you may leave whenever you wish. Your cooperation is, however, appreciated.

6. *Formal Order Availability.* If the Commission has issued a formal order of investigation, it will be shown to you during your testimony, at your request. If you desire a copy of the formal order, please make your request in writing.

### **C. Submissions and Settlements**

Rule 5(c) of the Commission's Rules on Informal and Other Procedures, 17 CFR 202.5(c), states:

Persons who become involved in . . . investigations may, on their own initiative, submit a written statement to the Commission setting forth their interests and position in regard to the subject matter of the investigation. Upon request, the staff, in its discretion, may advise such persons of the general nature of the investigation, including the indicated violations as they pertain to them, and the amount of time that may be available for preparing and submitting a statement prior to the presentation of a staff recommendation to the Commission for the commencement of an administrative or injunction proceeding. Submissions by interested persons should be forwarded to the appropriate Division Director or Regional Director with a copy to the staff members conducting the investigation and should be clearly referenced to the specific investigation to which they relate. In the event a recommendation for the commencement of an enforcement proceeding is presented by the staff, any submissions by interested persons will be forwarded to the Commission in conjunction with the staff memorandum.

The staff of the Commission routinely seeks to introduce submissions made pursuant to Rule 5(c) as evidence in Commission enforcement proceedings, when the staff deems appropriate.

Rule 5(f) of the Commission's Rules on Informal and Other Procedures, 17 CFR 202.5(f), states:

In the course of the Commission's investigations, civil lawsuits, and administrative proceedings, the staff, with appropriate authorization, may discuss with persons involved the disposition of such matters by consent, by settlement, or in some other manner. It is the policy of the Commission, however, that the disposition of any such matter may not, expressly or impliedly, extend to any criminal charges that have been, or may be, brought against any such person or any recommendation with respect thereto. Accordingly, any person involved in an enforcement matter before the Commission who consents, or agrees to consent, to any judgment or order does so solely for the purpose of resolving the claims against him in that investigative, civil, or administrative matter and not for the purpose of resolving any criminal charges that have been, or might be, brought against him. This policy reflects the fact that neither the Commission nor its staff has the authority or responsibility for instituting, conducting, settling, or otherwise disposing of criminal proceedings. That authority and responsibility are vested in the Attorney General and representatives of the Department of Justice.

### **D. Freedom of Information Act**

The Freedom of Information Act, 5 U.S.C. 552 (the "FOIA"), generally provides for disclosure of information to the public. Rule 83 of the Commission's Rules on Information and Requests, 17 CFR 200.83, provides a procedure by which a person can make a written request that information submitted to the Commission not be disclosed under the FOIA. That rule states that no determination as to the validity of such a request will be made until a request for disclosure of the information under the FOIA is received. Accordingly, no response to a request that information not be disclosed under the FOIA is necessary or will be given until a request for disclosure under the FOIA is received. If you desire an acknowledgment of receipt of your written request that information not be disclosed under the FOIA, please provide a duplicate request, together with a stamped, self-addressed envelope.

## **E. Authority for Solicitation of Information**

*Persons Directed to Supply Information Pursuant to Subpoena.* The authority for requiring production of information is set forth in the subpoena. Disclosure of the information to the Commission is mandatory, subject to the valid assertion of any legal right or privilege you might have.

*Persons Requested to Supply Information Voluntarily.* One or more of the following provisions authorizes the Commission to solicit the information requested: Sections 19 and/or 20 of the Securities Act of 1933; Section 21 of the Securities Exchange Act of 1934; Section 321 of the Trust Indenture Act of 1939; Section 42 of the Investment Company Act of 1940; Section 209 of the Investment Advisers Act of 1940; and 17 CFR 202.5. Disclosure of the requested information to the Commission is voluntary on your part.

## **F. Effect of Not Supplying Information**

*Persons Directed to Supply Information Pursuant to Subpoena.* If you fail to comply with the subpoena, the Commission may seek a court order requiring you to do so. If such an order is obtained and you thereafter fail to supply the information, you may be subject to civil and/or criminal sanctions for contempt of court. In addition, if the subpoena was issued pursuant to the Securities Exchange Act of 1934, the Investment Company Act of 1940, and/or the Investment Advisers Act of 1940, and if you, without just cause, fail or refuse to attend and testify, or to answer any lawful inquiry, or to produce books, papers, correspondence, memoranda, and other records in compliance with the subpoena, you may be found guilty of a misdemeanor and fined not more than \$1,000 or imprisoned for a term of not more than one year, or both.

*Persons Requested to Supply Information Voluntarily.* There are no direct sanctions and thus no direct effects for failing to provide all or any part of the requested information.

## **G. Principal Uses of Information**

The Commission's principal purpose in soliciting the information is to gather facts in order to determine whether any person has violated, is violating, or is about to violate any provision of the federal securities laws or rules for which the Commission has enforcement authority, such as rules of securities exchanges and the rules of the Municipal Securities Rulemaking Board. Facts developed may, however, constitute violations of other laws or rules. Information provided may be used in Commission and other agency enforcement proceedings. Unless the Commission or its staff explicitly agrees to the contrary in writing, you should not assume that the Commission or its staff acquiesces in, accedes to, or concurs or agrees with, any position, condition, request, reservation of right, understanding, or any other statement that purports, or may be deemed, to be or to reflect a limitation upon the Commission's receipt, use, disposition, transfer, or retention, in accordance with applicable law, of information provided.

## **H. Routine Uses of Information**

The Commission often makes its files available to other governmental agencies, particularly United States Attorneys and state prosecutors. There is a likelihood that information supplied by you will be made available to such agencies where appropriate.
